

PE and Sports Premium in 2018 / 19

We expect to receive funding of £21,000 during the academic year. We plan to spend to it as detailed below:

Provision	Planned Expenditure	Desired impact	How will we measure the impact
Signed up to be part of the Slough Sports network	£3614	WHA pupils will benefit from the opportunities provided by the network, most at no additional cost. Access to a range of sports activities for all pupils whatever their abilities or financial means.	All pupils participating will be registered and the profile of the activity monitored in terms of access for pupil premium pupils, disability and gender.
Resources and equipment	£295	Ensure that the quality of resources and equipment is maintained to support a high level of attainment and progress in both taught curriculum lessons and extra-curricular clubs.	Sports Lead checks the equipment periodically throughout the year to make sure it is well looked after and used regularly. Use of the PE equipment in sessions is monitored regularly throughout the year by Sports Lead and SLT.
Travel to SSSN & federation competitions	£2600	The children will have the opportunity to participate in tournaments across Slough and The Park Federation. This will help to support and maintain the high level of attainment at WHA.	Monitor how many children access sport through the SSSN & federation competitions.
Certificates, medals, stickers and engraving	£200	Celebrating achievement of all children and increasing participation.	WHA will monitor how many certificates, medals and stickers are being used.
Daily Mile Path	£13000	This will allow every child in the school to walk, jog or run a mile every day with their class. All children will have time every day to take part and develop their health and well being.	WHA will have a chart for each class to allow the children to see how many times over the year the children have walk, jogged or run a mile every day
Radios	£250	Ensure the PE staff have communication with all staff at WHA through Radios. This allows us to contact staff, for example, site team or first aid.	WHA will monitor if the PE team feel the communication has become better for the staff to contact others in a case of emergency.

Review of the Impact of the PE and Sports Premium in 2018/19

Western House Academy (WHA) had a hugely successful year in 17-18 where we achieved The Silver Kite Mark in Sport. WHA still have 2 full time Sport Coaches who are highly trained and skilled. The children had access to more sports and competitions than ever before. The academy won many of the competitions and represented Slough at the Berkshire games and have been crowned champions in Tennis. In 2017-2018, 172 children at WHA took part in 14 different extra - curricular sports clubs and competitions. WHA prides itself on the amount of children who access sports whether being in clubs, teams, playground games or leadership roles.

Provision	Impact
Signed up to be part of the Slough Sports Network (SSSN)	WHA was able to compete in many competitions with 172 children from years 1-6 taking part in competitive sport through the network. We were also able to offer CPD courses to teachers in Real PE, Real gym, athletics, cricket & hockey which has helped enhance their understanding for primary school sports and the curriculum we offer.
Resources and equipment	We were able to offer fun, exciting and engaging lessons for the children with new equipment and by topping up older stock. This also enabled both the PE department and classroom teachers to access good quality equipment for lessons to go on simultaneously.
Teachers courses	WHA was able to send both sports coaches on separate sports qualifications courses to enhance their knowledge in sport. As part of this the school was able to win in year 5 & 6 netball and win the year 5 & 6 tennis competitions in Slough. Also WHA will continue the tag rugby league and has also added the responsibility of the 3 & 4- 5 & 6 girl's football league due to coaches skills learnt in the course.
Travel to Federation & Slough competitions & cover.	Travelling by mini bus has helped WHA take part in a number of competitions both in Slough and in The Park Federation and has given children at WHA many opportunities to work on their social, personal, creative and cognitive skills as well as understanding why it is important to lead a fit and healthy lifestyle.
Electronic Tablets	WHA are now able to use the tablets to assess the children on a daily basis to give the best information to all children The tablets are always able to use video and photo evidence from lesson and clubs. This information helps with planning and reports and where our children are in school.
